

Mill	Target
UPM Kuusankoski	Sizer loading hydraulics update
UPM Kuusankoski	WinRoll winder hydraulics runnability update
UPM Kuusankoski	Press section nips loading valves modernization
Kotkamills	Middle press loading hydraulics modernization
Kotkamills	Machine calender loading hydraulics modernization
UPM Kuusankoski	Machine calender loading hydraulics modernization
Metsä Tissue Mänttä	Tissue machine line new hydraulic system
Stora Enso Oulu	Matt calender SYMZS-roll zone valves modernization
UPM Kuusankoski	Reel secondary arms hydraulic modernization
Powerflute Savon Sellu	Screening new hydraulic system
Stora Enso Anjalankoski	Machine calender change from pneumatic to hydraulic
StoraEnso Kaukopää	OptiReel hydraulic change
Stora Enso Uimaharju	Third press loading hydraulics modernization
UPM Kuusankoski	Sheeter hydraulics update
UPM Pietarsaari	Pulp drying machine loading hydraulics modernization
Metsä Board Äänekoski	Middle and machine calender roll and loading hydraulics modernization
UPM Kuusankoski	Reel primary arms hydraulic modernization
UPM Pietarsaari	2 pieces of sheeter hydraulics modernization
UPM Pietarsaari	Hydraulic unit updates (shoe press + wet end)
Stora Enso Kaukopää KA2	Press and wire section hydraulics modernization
Stora Enso Anjalankoski PK3	Dryer section wire winding stations+roll
Stora Enso Kaukopää KA2	Winder hydraulic modernization
Metsä Board Kyröskoski KK1	Middle and machine calender loading hydraulics modernization
Stora Enso Anjalankoski PK3	Reel hydraulic update

Nip measurements (press section, calander, sizer, etc)
